D.—Dahlonga.	Without Letter—Philadelphia.

CONDITIONS OF SALE.

This is a bone-fide public sale, for prompt cash settlement, and irresponsible persons who are not sure whether they can pay for what they bid on, are asked not to bid. The cataloguer has taken special pains to describe each lot accurately. Errors will be corrected, but he reserves the sole right to decide upon any claims. These are only conditions under which bids will be received.

Coins and medals are sold at so much per **PIECE**, and no lot will be separated. The auctioneer will accept any bid up to 50c., then 5c up to \$2.50, when 10c. advance must be bid, up to \$10.00, when no advance under 25 cents will be accepted. If there are 5 pieces in the lot and you wish to pay \$5.00 for the entire lot, then bid \$1.00.

Auction sales are **strictly for cash**. Parties unknown to me and bidding for the first time, must give bank or other reliable reference, or their bids will not be executed.

Forward your bids as early as possible, as thousands of bids have to be entered. Do not make ridiculously low bids, such as 10c. and 15c. on foreign silver coins worth several times over as bullion. Write your bids plainly, with a pen if practicable.

Where the number of pieces in a lot is not given after the description, there is but one piece in the lot.

Be sure you bid on the lot you wish to buy.

All coins, etc., are genuine unless otherwise described.

My charge for executing bids will be 5 per cent. No charge made for bidding except for lots actually purchased. Remit by money order or New York draft.

Priced catalogue of this sale sent for \$1.00 cash in advance.

If any further information is required as to valuation of lots, or how to bid, please write the cataloguer, THOMAS L. ELDER.

THE HENRY C. MILLER COLLECTION OF HARD TIMES TOKENS.

The many collectors who are interested in the Jackson, or Hard Times Tokens will realize after a study of this catalogue that the Miller collection, offers to them an unprecedented opportunity to secure the very choicest and rarest examples obtainable from the finest collection ever offered at public auction sale. The collection is nearly complete, lacking very few numbers. Mr. Miller had no other reason for deciding to sell his collection than that he had almost completed it, and found very few opportunities for adding to it. These tokens, issued by private individuals, and by merchants, during the period of financial stress, cover the interesting times in our political history, the days of Andrew Jackson, Martin Van Buren and William H. Harrison. It is to be hoped that other tokens of the same period, not listed in Mr. Low's valuable work, may be added in the near future, for at the present time the interest in these tokens is keen, and good prices are being realized for rarities and for pieces in special condition. Be sure and favor me with some bids.

Those who are not interested in tokens will find many other items of interest listed herein, in Coins, Paper Money, Medals, Weapons and Curios.

THOMAS L. ELDER.
